

Salt and Light Ministries
a family of churches together on mission
to equip the church, extend the kingdom, bless the nations

What does a Salt and Light relationship mean?

Salt and Light is a family of churches, joined together by good friendships, shared values and common purpose.

One of our convictions is that everything healthy is connected to something larger! This works out in three practical ways...

Every church needs to be part of a wider family and a bigger vision – both for its own sake and for the sake of God's kingdom impacting society!

Every pastor needs a pastor – it can be a lonely job and everyone needs someone to talk to, bring perspective, wisdom and help!

Every church needs to receive (and give) apostolic or 'Ephesians 4' teams – Christ's gifts to his church, helping lay foundations of vision, doctrine, eldership, relational life and mission.
