

Salt and Light is a family of leaders and churches, joined together by good friendships, shared values and common purpose.

Our passion is to see God's church **equipped** to be all that it should be as his ambassador to a fallen world, **extending** God's Kingdom in every sphere of life and **blessing** the people of God's world. The church is God's 'Plan A'!

God does not want isolated lonely churches – he wants family – so we choose to work together as a **family of churches** and leaders, together on this mission.

What is Salt and Light?

Where is Salt and Light?

Our family of churches started in the late 1960s as relationships developed between Barney Coombs and other UK church leaders. Now the Salt and Light family can be found in Europe, Canada, USA, Asia and Africa.

The European part of the family is growing as God develops relationships with leaders in other nations and as we plant churches. Our family and friends can be found in Bosnia, Croatia, Czech Republic, Estonia, France, Ireland, Norway, Poland, Slovakia, Spain, Sweden, Switzerland and Ukraine, as well as the UK. Many of those churches may not 'label' themselves Salt and Light – the important thing to us is that God has joined us together for mission!

Checkout the website for a map of related churches across Europe.

What does a Salt and Light relationship mean?

As a family of churches one of our convictions is that everything healthy is connected to something larger!

Every church needs to be part of a wider family and a bigger vision – both for its own sake and for the sake of God's kingdom impacting society!

Every pastor needs a pastor – it can be a lonely job and everyone needs someone to talk to, bring perspective, wisdom and help!

Every church needs to receive (and give) apostolic or 'Ephesians 4' teams – Christ's gifts to his church, helping lay foundations of vision, doctrine, eldership, relational life and mission.

What does Salt and Light do together?

Salt and Light is a family of churches working together – not an ‘organisation’ – so we do things together when we think we can do it better that way!

Conferences Our annual Leaders’ Conferences and regional events envision and equip leaders from churches across Europe, as well as being an important time to connect relationally to other leaders.

euro.net summer events gather Christians across Europe together to be equipped to serve Christ and his Kingdom and network churches to model God’s family and change nations – a net for the harvest in Europe!

Training, publications and resources Our training initiatives include King’s Bible College and Training Centre, Worship Development Team and Pastoral Training Course, as well as loads of resources for churches available from our resourcefile website and on-line shop.

Ultimate Intention and Youth teams gather, train and send 11-18s and 18-25s across our family of churches.
